3 Orders, Quotations and applicable terms
3.1 All Orders by the Buyer must be accepted by the Seller in writing. Quotations submitted by the Seller do not constitute a binding offer.
3.2 The price quoted in the Seller’s quotation is for the quantities stipulated only and must not be taken to apply to an Order for different quantities.
3.3 Unless otherwise expressly stated the price quoted in the Seller’s quotation is based on current costs of manufacture at the date of the quotation and is subject to confirmation on acceptance of the Order by the Seller.
3.4 If the Buyer has submitted forecasts as to its upcoming purchases of Goods and its subsequent orders do not correspond to the forecasts, the Buyer must reimburse the Seller for the raw material and other expenses that the Seller has incurred due to such forecasts.
3.5 No addition or variation to these Standard Terms and Conditions shall be effective unless made in writing and duly signed by the parties. Any terms of the Order put forward by the Buyer which deviate from these Standard Terms and Conditions are hereby rejected.

4.1 The Goods shall be delivered in accordance with the agreed Specification.
4.2 The colour and other parameters of the Goods may deviate to a reasonable extent from the agreed Specification and the Goods shall be deemed to comply with the Order unless the deviation materially and adversely changes the Goods.

The Seller’s decision that a tool requires refurbishment or replacement is binding on the Buyer.
5.3 The Buyer shall at all time bear the risk for a Tool owned by him and must maintain an insurance policy to the extent and in the amount deemed necessary. If the Seller has not received any instruction where to deliver the Tool from the Buyer within six months from the completion of the production of the relevant goods, the Seller may dispose of the Tool.

6.2 The Seller reserves the right to extra charge for any special packaging or other requirements of the Buyer.
6.3 The Seller is entitled to adjust the price of the Goods or the Tools due to changes in currency exchange rates, raw material prices, taxes, public charges or inflation, occurring after the Seller’s confirmation of the Order but before delivery of the Goods.
6.4 The Seller shall be entitled to increase the price due to loss or additional cost incurred for any reason attributable to the Buyer, including, but not limited to, incorrect, incomplete or changed instructions.

8 Delivery and delay
8.1 The Goods shall be delivered “Ex Works” (INCOTERMS 2010).
8.2 A delivery shall be deemed to comply with the Order if the deviation (surplus or shortage) from the agreed quantity is less than 5%.
8.3 If the Seller fails to deliver the Goods on time for reasons not referable to the Buyer, the Buyer is entitled to a price reduction. The price reduction shall be calculated at a rate of 0.5% per cent of the agreed price for each complete week of delay.
8.4 The Seller’s total liability for delay under the contract shall not exceed 15 per cent of the purchase price.
8.5 If the delay concerns only a part of the Goods, the price reduction shall be calculated proportionally so that part of the Goods.
8.6 The remedies set out in this Clause 8 are the only remedies available to the Buyer in case of delay on the part the Seller.

9 Title and intellectual property rights
The Goods and the Tools shall remain the property of the Seller until paid in full. The Buyer is not entitled to dispose the Goods in any way which may jeopardize the rights of the Seller before full payment without the Seller’s written consent and shall store the Goods separately from its own property, marked as the property of the Seller. Patterns, drawings, part lists, industrial rights and software required for manufacturing of the Goods will always remain Seller’s property and the Seller is not obliged to reveal them or hand them over even if the Tools are transferred or sold to the Buyer.

10 Payment
10.1 The purchase price shall be invoiced upon delivery and shall be settled within 30 days of the date of the invoice.

11.3 In case of a defect apparent upon reasonable inspection, the Buyer must notify the Seller within 14 days after delivery. In any other case-defect, the Buyer must notify the Seller within 14 days after the Buyer received, or reasonably should have received, knowledge of the defect. In case of failure to notify the Seller in accordance with this Clause 11, the Buyer shall not have any right to remedy for the defect.
11.4 The Seller shall not be liable for defects arising out of material provided by the Buyer or a design stipulated or specified by the Buyer or for any advice or recommendations (including, without limitation, as to the selection of materials) given to the Buyer in connection with the use or performance of the Goods or the Tool.

13.2 The party wishing to claim relief under this Clause 13 shall without delay notify the other party in writing on the intervention and on the cessation of such circumstance.
13.3 Notwithstanding other provisions of these Standard Terms and Conditions, either party shall be entitled to terminate the contract by notice in writing to the other party, if performance of the contract is delayed more than 6 months by reason of any grounds for relief as described in this Clause 13.

14.1 In the event compulsory provisions in laws on product liability are applicable to a specific occurrence, the Seller shall only be liable for personal injury and for damage to property caused by the Goods or Tools delivered by the Seller if it is proven that such injury or damage was caused by negligence of the Seller and not by any fault to which the Seller or the Buyer is liable pursuant to this Clause 11. The Buyer shall be liable for all other personal injury caused by the Goods or Tool and shall indemnify and hold the Seller harmless with respect thereto.
